

# Delta Dental of Illinois Individual and Family Dental Benefit Program

**Smart plans for smart mouths.**

## Protect your smile. Protect your budget. That's smart.

Our individual and family dental plans give you a **choice of coverage options** that focus on prevention – making sure you get the oral health care you need at a cost you can afford. Now that's smart.

We offer a variety of plan options, as well as plans that meet all the guidelines of the Affordable Care Act's (ACA) Pediatric Dental Essential Health Benefit (EHB). Individuals do not have to purchase pediatric dental coverage from a medical carrier, and the pediatric dental EHB does not have to be embedded in a medical plan or purchased from a medical carrier or exchange.

Studies have linked gum disease to systemic conditions, such as diabetes and heart disease, and indicate that some form of gum disease affects 75 percent of the U.S. population. Preventive dental care, such as regular cleanings, is the most effective way to protect oral health.

And because oral health care is so important to overall health, our individual coverage includes Delta Dental of Illinois' Enhanced Benefits Program\*, which offers enhanced coverage for individuals who have specific health conditions that can be positively affected by additional oral health care – like pregnancy, diabetes, high-risk cardiac conditions and suppressed immune systems.

**Serious oral health problems can be expensive and time consuming to treat. The fact is people with dental insurance are more likely to get the preventive care they need and avoid costly and serious oral health problems. If you are considering dental insurance, think about Delta Dental of Illinois.**

**Enroll today at [deltadentalil.me](https://deltadentalil.me).**

\* The Enhanced Benefits Program is included with Delta Dental PPO – Gold and Silver plans and the Individual Kids Preferred plan. The Individual Kids Preferred Bronze plan offers additional general cleanings and fluoride for at-risk individuals.

## Delta Dental of Illinois Individual Plans Offer:

- Rich coverage for preventive services like exams, cleanings, X-rays, sealants and fluoride treatments.
- Coverage for major services like gum disease treatment, root canals, dentures and crowns.
- Freedom to use any dentist (the most out-of-pocket savings will be realized with a Delta Dental PPO<sup>SM</sup> dentist).

## Finding a Dentist

To locate a network dentist, visit the Dentist Search on our website at [deltadentalil.me](http://deltadentalil.me).

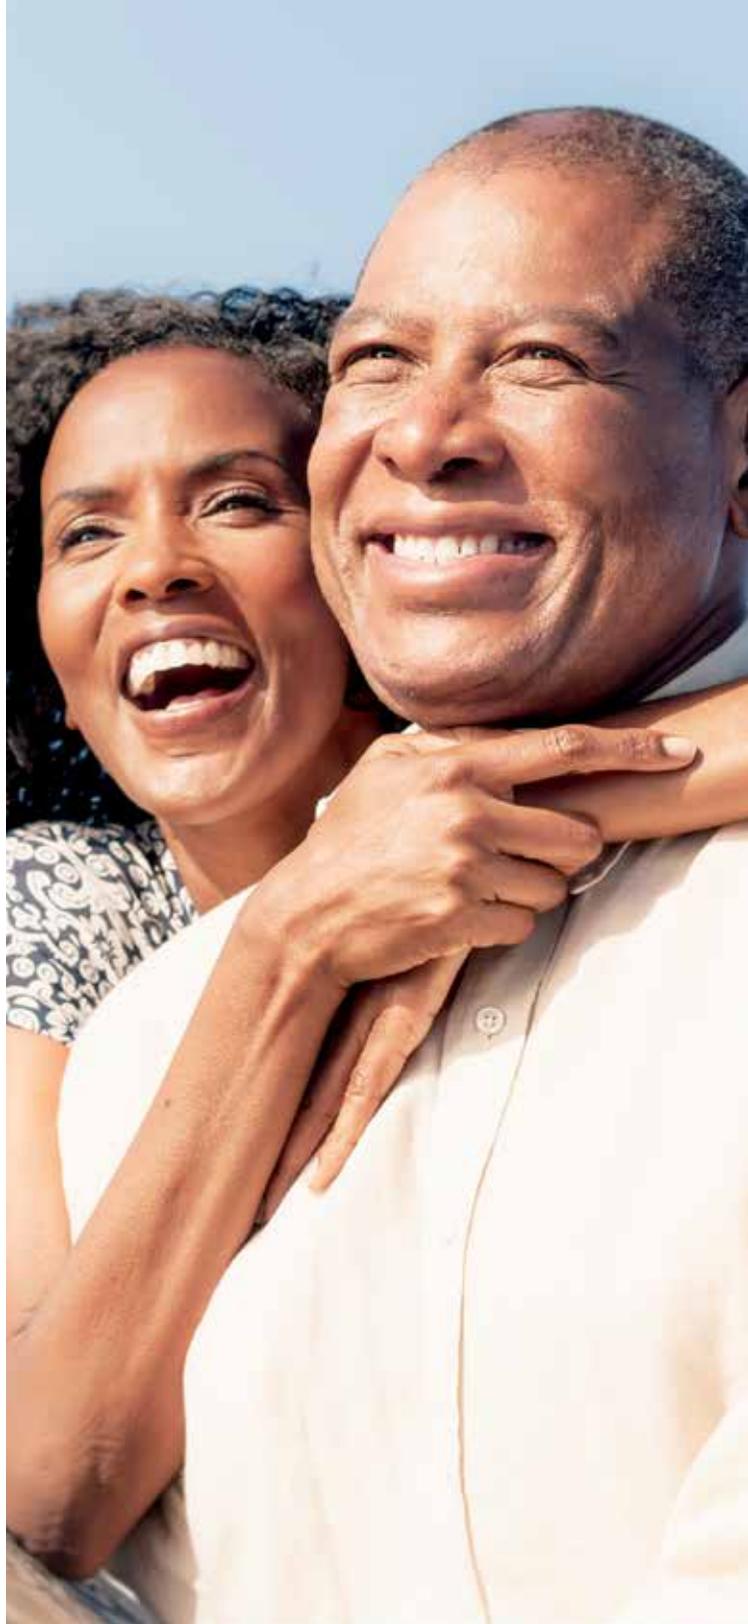

Members in the Delta Dental PPO – Gold, Silver and Bronze plans can choose any licensed dentist, but will pay the least in out-of-pocket costs by using a Delta Dental PPO dentist.

- **Delta Dental PPO network:** Lowest out-of-pocket costs.
- **Delta Dental Premier<sup>®</sup> network:** Higher out-of-pocket costs than PPO, but may be lower than non-network costs. (With the Individual Kids Preferred plan, there are no benefits with dentists who are not in the Delta Dental PPO network.)
- **Non-network:** Highest out-of-pocket costs. (With the Individual Kids Preferred plan, there are no benefits with dentists who are not in the Delta Dental PPO network.)

Because the Delta Dental PPO – Gold, Silver and Bronze individual plans are based on the Delta Dental PPO network, Delta Dental Premier and non-network dentists can bill members for charges above the allowed Delta Dental PPO amount. However, Delta Dental Premier dentists cannot bill members for charges above the allowed Delta Dental Premier amount.

With the Individual Kids Preferred plan, there are no benefits when a member sees a dentist outside the Delta Dental PPO network. However, with the Gold and Silver plan with the Individual Preferred plan, members under age 19 can use the benefits of both plans but can only receive benefits from the Individual Kids Preferred plan with Delta Dental PPO dentists. The plan is offered on a stand-alone basis.

\* Single rates are not available for Delta Dental PPO – Gold and Silver plans with the Individual Kids Preferred plan; there must be one adult and one or more dependents enrolled in these plans. Single rates are available for all other plans.
